SIWA

13 September 1971

MEMORANDUM FOR: Director of Training

SUBJECT : Weekly Report of School of Intelligence and
World Affairs No. 36, 3 - 9 September 1971

COURSE ACTIVITIES

1. Intelligence and World Affairs

Our one-week postponement -- from 7 to 13 September -- required the re-scheduling of each guest speaker. We are pleased to report that we received maximum cooperation -- there were no refusals and very few gripes.

2. Advanced Intelligence Seminar

25X1A6a

25X1A9a

A.I.S. #6 opened [] on 8 September with a full enrollment of 25 students. The first evening served as a "mixer" in which each student spent between 5 - 15 minutes discussing his Agency background, interests and experience. [] served as a resource person, elaborating where appropriate, on Agency historical developments, nomenclature and inter-Agency relationships. The formal part of the program began on 9 September with discussions led by the Director of Training and the Executive Director-Comptroller.

3. Midcareer Course

The four Directorates have submitted their nominations for the 30th Midcareer Course, scheduled for 26 September through 5 November 1971, as follows: Intelligence Directorate - 7; Support Directorate - 8; S&T Directorate - 4; and Clandestine Service - 15.

4. Intelligence Production Course

25X1A9a

[] on the IPC scheduled to begin on 18 October. Bob's best estimate is that there are 12 CTs likely to be in the IPC, and 3 additional ones who may be in it. For the 28 February 1972 IPC it looks now as though there are 7 likely and 3 possible. We plan to publicize the February IPC to give non-CTs the opportunity to enroll. The October class will be the last

to receive the full CT training program, including the ITC and OFC; the members of the February class will have had only the IWA. To reflect the difference in needs of these groups, we plan to reduce the length of the October IPC, but to take a completely fresh look at CT needs for the February course.

FOIAb3b1

[redacted] estimates that, of the 15 CTs who may be in the October class, 5 seem headed for OCI, 4 for DCS, 3 for OSR, and 1 each to IRS, [redacted], and CRS. The relatively heavy interest and demand in OCI and DCS is similar to the situation among DDI CTs in the first half of the 1960's.
